

The Joseph Thomas Foundation (non-profit) is proud to announce this year's **Joseph Thomas Triathlon for Children** will be held February 7, 2009, at the Prime Time Family Entertainment Facility. The Triathlon allows all children, regardless of limitations or disabilities, to compete in miniature golf, bowling and Skee ball. There will be door prizes and lots of fun. Rumor has it there will also be a silent auction.

For those new to the Triathlon, our son Joseph was a special boy with many medical problems. During his 6 years with us, he influenced many people's lives. Through these times we came to appreciate each day we were given. Since his passing in 2007, we have established a non-profit organization committed to providing services for medically fragile children in need. This non-profit organization is managed completely by the Thomas family, which takes absolutely no funds for their efforts. Every dime that goes into this foundation is paid back out for assistance to medically fragile children and the organizations supporting them.

We are currently looking for sponsors for this event. If you are interested in helping sponsor the 2009 Triathlon, we would love to have you. This event will be well promoted, as CGS will be a major sponsor. Come join the fun and help raise money for a good cause.

All Sponsors will have their company name and logo on the official website (www.josephthomasfoundation.org).
